2003 Audi A4 Fuel Pressure Regulator Manual

Testing your A4's fuel pressure on each side of the pump would be the best way to diagnose this problem. A priming fuel pump sounds like a high-pitched whine for a few seconds and can be heard with a sharp engine right after the ignition key is turned, but before the starter is engaged. Conclusion: Audi A4 Bad Fuel Pump. The symptoms of a bad fuel pump match a lot of other common problems that can occur in the Audi A4.
