As auditors, we are trained to investigate beyond appearances to determine the underlying facts—in other words, to look beneath the surface. From the Enron and WorldCom scandals of the early 2000s to the financial crisis of 2007–2008 to present-day issues and challenges related to significant estimation uncertainty, understanding the auditor’s responsibility related to fraud, maintaining a clear perspective, probing for details, and understanding the big picture are indispensable to effective auditing. With the availability of greater levels of qualitative and quantitative information (“big data”), the need for technical skills and challenges facing today’s auditor is greater than ever. The author team of Louwers, Blay, Sinason, Strawser, and Thibodeau has dedicated years of experience in the auditing field to this new edition of Auditing & Assurance Services, supplying the necessary investigative tools for future auditors.

This well-known textbook provides students with the knowledge of basic accounting principles and practices in a systematic manner. The unique feature that has made this book popular among students is the simplicity of presentation which enables them to understand the subject and solve practical problems with ease. The main strengths of the book are updated text, plentiful illustrative examples and the end-of-chapter exercises with answers. The wide coverage and user-friendly approach help the book to meet the course content requirements for BCom, BBA, MCom, MCA examinations of different universities and examinations conducted by professional institutions. KEY FEATURES • Updated text in view of new and withdrawn accounting standards and their interpretation. • Formulation of the roadmap for convergence of Indian Accounting Standards to IFRS. • Incorporation of the New Schedule VI in place of Old Schedule VI with appropriate notes, wherever necessary. • Complete overhauling of solutions to all Illustrations and requisite changes in the answers to Practical Problems required due to the substitution of New Schedule VI in place of Old Schedule VI. • Latest questions and problems from examinations conducted by different professional bodies and universities.

Considered the industry standard resource, this guide provides practical guidance, essential information and hands-on advice on the many aspects of accounting and authoritative auditing for employee benefit plans. This new 2016 edition is packed with information on new requirements -- including the simplification of disclosure requirements for investments in certain entities that calculate net asset value per share (or its equivalent), the simplification of disclosures for fully benefit-responsive investment contracts, plan investment disclosures, and measurement date practical expedient, and a new employee stock ownership plans chapter that includes both accounting and auditing.

Get authoritative accounting and auditing guidance. Educate staff on the property and liability insurance industry, its products and regulatory issues, and the related transaction cycles an insurance entity is involved with. This guide contains updates on current GAAP and statutory accounting and audit guidance, as well as relevant guidance contained in standards issued through September 1, 2018 which have a major impact on insurance entities, including: FASB ASU No. 2016-01 and AICPA Q&A Section 7100.15: Insurance Companies and the Definition of Public Business Entity Revenue Recognition Implementation Issue: Considerations for Applying the Scope Exception in FASB ASC 606-10-15-2 and 606-10-15-4 to Contracts Within the Scope of FASB ASC 944

Newly revised in 2011. Contains the auditing standards promulgated by the Comptroller General of the United States. Known as the Yellow Book. Includes the professional standards and guidance, commonly referred to as generally accepted government auditing standards (GAGAS), which provide a framework for conducting high quality government audits and attestation engagements with competence, integrity, objectivity, and independence. These standards are for use by auditors of government entities and entities that receive government awards and audit organizations performing GAGAS audits and attestation engagements.
