The Bad Seed is a 1954 novel by American writer William March, the last of his major works published before his death. Nominated for the 1955 National Book Award for Fiction, The Bad Seed tells the story of a mother's realization that her young daughter is a murderer. Its enormous critical and commercial success was largely realized after March's death only one month after publication. In 1954, the novel was adapted into a successful and long-running Broadway play by Maxwell Anderson, and in 195

The Bad Seed - Wikipedia

Prior to reading Bad Seed: The Biography of Nick Cave, I was a bit of a Nick Cave fan. I own all of albums, 16 studio albums by the Bad Seeds, two by Grinderman, a few soundtracks by Cave and Warren Ellis, and a few Birthday Party records.

Bad Seed: The Biography of Nick Cave by Ian Johnston

The Bad Seed is a 1956 American psychological horror-thriller film with elements of melodrama and film noir, directed by Mervyn LeRoy and starring Nancy Kelly, Patty McCormack, Henry Jones, and Eileen Heckart. The film is based upon the 1954 play of the same name by Maxwell Anderson, which in turn is based upon William March's 1954 novel The Bad Seed. The play was adapted by John Lee Mahin for the screenplay of the film.

The Bad Seed (1956 film) - Wikipedia

In addition to his music, Bad Seed provides a look at his writing, his acting, and his twin obsessions with the Bible and with the degeneracy into which one can sink. One learns too, of artists who have influenced his songwriting and style.

Bad Seed is not a bad book. While Ian Johnston is not the most eloquent writer around, he is much better than Dax. Bad Seed is well organized, informative, and at times very witty. And while this volume does not contain near the number of pictures that Dax's does, the photos it does have are germane to Cave's career.

Bad Seed is a studio album released by American country music artist Jan Howard. It was released in November 1966 via Decca Records and was produced by Owen Bradley. Bad Seed was Howard's third studio album and featured her third major hit single of the same name.

A widely acclaimed biography of one of rock's most compelling, uncompromising and influential singer-songwriters, Ian Johnston's BAD SEED offers a superb overview of Nick Cave's career to date. Through Cave's fronting of the incendiary bands The Birthday Party and The Bad Seeds, producing music of unfettered expression and explosive intensity, to his creative collaborations outside of the rock industry in film and literature, BAD SEED illustrates a life lived in barely controlled chaos: and unravels the motivation and unique appeal of a reluctant icon whose songs, according to the Rolling Stones, possess "the authority of the most primal kind of myth."

Now reissued - William March's 1954 classic thriller that's as chilling, intelligent and timely as ever before. This paperback reissue includes a new P.S. section with author interviews, insights, features, suggested reading and more. What happens to ordinary families into whose midst a child serial killer is born? This is the question at the center of William march's classic thriller. After its initial publication in 1954, the book went on to become a million-copy bestseller, a wildly successful Broadway show, and a Warner Brothers film. The spine-tingling tale of little Rhoda Penmark had a tremendous impact on the thriller genre and generated a whole perdurable crop of creepy kids. Today, The Bad Seed remains a masterpiece of suspense that's as chilling, intelligent, and timely as ever before.

A biography of Nick Cave, the singer and writer. As well as looking at his music, this book describes his movie career and tells the full story of his drug addiction.

A New York Times bestseller! Amazon Prime's Most Read Title of 2019! An Amazon Best Children's Book of the Month from the New York Times bestselling author of the Goodnight Already! series This is a book about a bad seed. A baaaaaaad seed. How bad? Do you really want to know? He has a bad temper, bad manners, and a bad attitude. He’s been bad since he can remember! This seed cuts in line every time, stares at everybody and never listens. But what happens when one mischievous little seed changes his mind about himself, and decides that he wants to be–happy? With Jory John’s charming and endearing text and bold expressive illustrations by Pete Oswald, here is The Bad Seed: a funny yet touching tale that reminds us of the remarkably transformative power of will, acceptance, and just being you. Perfect for readers young and old, The Bad Seed proves that positive change is possible for each and every one of us.

THE TIMES TOP 10 BESTSELLER A GUARDIAN, TELEGRAPH, THE TIMES, IRISH TIMES, ROUGH TRADE, MOJO, CLASH, ROLLING STONE, UNCUT BOOK OF THE YEAR From award-winning musician and composer Warren Ellis comes the unexpected and inspiring story of a piece of chewing gum. FEATURING AN INTRODUCTION BY NICK CAVE 'Warren has turned this memento, snatched from his idol's piano in a moment of rapture, into a genuine religious artefact.' NICK CAVE 'Such a mad, happy book about art and music and obsession. I'm so glad I got to read it. It made the world feel lighter.' NEIL GAIMAN 'In praise of meaning-rich relics and magical things. Totally heartwarming project.' MAX PORTER 'A unique study of a fan's devotion, of transcendence and of the artistic vocation - it's got depth and great warmth. It's a beautiful piece of work.' KEVIN BARRY I hadn't opened the towel that contained her gum since 2013. The last person to touch it was Nina Simone, her saliva and fingerprints unsullied. The idea that it was still in her towel was something I had drawn strength from. I thought each time I opened it some of Nina Simone's spirit would vanish. In many ways that thought was more important than the gum itself. On Thursday 1 July, 1999, Dr Nina Simone gave a rare performance as part of Nick Cave's Meltdown Festival. After the show, in a state of awe, Warren Ellis crept onto the stage, took Dr Simone's piece of chewed gum from the piano, wrapped it in her stage towel and put it in a Tower Records bag. The gum remained with him for twenty years; a sacred totem, his creative muse, a conduit that would eventually take Ellis back to his childhood and his relationship with found objects, growing in significance with every passing year. Nina Simone's Gum is about how something so small can form beautiful connections between people. It is a story about the meaning we place on things, on experiences, and how they become imbued with spirituality. It is a celebration of artistic process, friendship, understanding and love. 'This is such a beautiful f*cking book. Thank you, Warren. I highly recommend this motherf*cker.' FLEA 'A beautifully written book about the power of music and objects. I powered through it in two days.' COURTNEY BARNETT 'A moving, inspiration insight into a beautiful mind.' JIM JARMUSCH 'The year's most eccentric and joyful musical memoir.' DAILY TELEGRAPH (Books of the year) '[Nina Simone's Gum] is a metaphor for [Ellis'] creativity - the blossoming of a small idea into something bigger and bolder - but also a journey inside the impulsive, improvisatory mind of Warren Ellis, his passions, obsessions and superstitions.' OBSERVER '[A] beautiful, strikingly idiosyncratic book - part memoir, part essay, part conceptual art project, all testament to humans at their strangest and best. . . . [Ellis] sees signifiance where others might not.' MOJO 'A glorious piece of object fetishism. . . . Marvel as Ellis' collection of eccentric personal mementos morphs into a celebration of the intangible wonder of music.' UNCUT 'Wonderful.' THE TIMES 'The most peculiar book I've ever read.' CRAIG BROWN, MAIL ON SUNDAY 'Delightful. . . . A joy from start to finish.' BIG ISSUE 'A joyous work full of love, connection, creativity and gratitude.' THE SPECTATOR 'Completely charming and joyful. . . . glorious.' LA REVIEW OF BOOKS 'Beautiful. . . . remarkable.' NEW EUROPEAN

The bestselling inspiration for the chilling movie starring Patty McCormack and Nancy Kelly. What happens to ordinary families into whose midst a child serial killer is born? This spine-tingling tale investigates a mother's concerned suspicion surrounding several mysterious accidental deaths that all connect back to her eight-year-old daughter, Rhoda. Tremendously impacting the thriller genre, this masterpiece of suspense generated a whole crop of creepy kids, and it's as chilling, intelligent, and timely as ever before. Originally published in 1954, this National Book Award-nominated classic was adapted into film in 1956. With a new foreword. Vintage Movie Classics spotlights classic films that have stood the test of time, now rediscovered through the publication of the novels on which they were based.

In his graphic biography Nick Cave: Mercy on Me, Reinhard Kleist paints an expressive and enthralling portrait of the musician, novelist, poet, and actor. It is, according to Nick Cave himself, "a complex, chilling and completely bizarre journey into Cave World." Nick Cave & The Bad Seeds: An Art Book collects Kleist's moody and expressive portraits of the musician and his band, spanning 30 years of writing, recording, and live performance. Kleist also returns readers to Cave's imaginative world with comic book reimaginings of "Deanna," "The Good Son," and "Stagger Lee." Filled with visual delights, this record-size art book is a kaleidoscopic portrait of Nick Cave's wide-ranging career as a storyteller, musician, and cultural icon.

Declan Thomas is a former inmate of an insane asylum that was destroyed by fire. He has the strange ability to step inside a person's madness. Sometimes he can cure it. One day, he hopes to cure his own. Life goes on for Declan Thomas after his deadly encounter with the psychotic Nimble Jack, but Declan's strange powers continue to develop, offering him a profound connection with the nature of insanity. Little does he know that the malevolent Swivel wishes to pick up where Nimble Jack left off!

"'The Jukes' is a pseudonym used to protect from aspersion worthy members of the family therein studied, and for convenience of treatment, to reduce the forty-two family names included in the lineage to one generic application. An author who, under such circumstances, puts forth a work requiring great precision of statement and freedom from preconceived bias, is bound to state. The second paper is the result of an examination of felon convicts on a very ample schedule, covering their physical, mental, moral and ancestral traits to test the accuracy of what purports to be the public records of crime in this State; to establish the value of expert work in making a minute census of the prison population, including the trustworthiness of convict testimony, and to lay the basis for a wider and more thorough application of the method of research pursued in the study of the 'Jukes'"--Preface.
