To bring this volume together, the editor asked leading scholars in the field of globalization to outline a "research framework" that reflects their own approach to the subject. The resulting book presents a broad spectrum of analytical approaches to globalization. Theoretical reviews are complemented by substantive chapters and methodological analyses. Contributors include scholars in the fields of sociology,

Gain the essential skills and hands-on expertise required to pass the LPIC-3 300 certification exam. This book provides the insight for you to confidently install, manage and troubleshoot OpenLDAP, Samba, and FreeIPA. Helping you to get started from scratch, this guide is divided into three comprehensive sections covering everything you'll need to prepare for the exam. Part 1 focuses on OpenLDAP and topics including securing the directory, integration with PAM and replication. Part 2 covers Samba and teaches you about Samba architecture, using different back ends, print services, and deploying Samba as a stand-alone server, PDC, and Active Directory Domain Controller. Finally, Part 3 explains how to manage
