A Land Like Your Own explores the ways the Bible has reused previous traditions and has subsequently been reused by both Jews and Christians. The ten essays included cover a broad range of topics in the Hebrew Bible, the New Testament, and subsequent traditions, but they all highlight the many ways in which the traditions associated with Israel have impacted communities. A Land Like Your Own will interest anyone involved in biblical studies (students and scholars alike) through its wide-ranging array of topics, highlighting how interconnected the many biblical studies subdisciplines truly are.

Early Akron AAs wanted "The James Club" to be the name of their fellowship. The Bible's Book of James was their favorite; they also studied it, Jesus' Sermon on the Mount, and 1 Corinthians 13. These three Bible segments were considered "absolutely essential" to their program. This book takes each verse in James, the Sermon, and 1 Cor 13, and shows the influence of such verses on A.A. language.

Are Angels real, do they exist today? In this book you find answers you never dared to asked other believers. In his first book, Angels of the Lord, Apostle Dr. Gunter Rappl takes his readers on a fascinating journey into the understanding of the realm of the angels of YHWH Echad. Apostle Dr. Gunter Rappl covers fascinating topics detailing the origin, existence, and abode of angels, their names, ministry functions, duties, and the classification of angels, to name a few. As revealed by the Ruach HaKodesh, Apostle Dr. Gunter Rappl describes in this book for the first time four different groups of worship angels creating so called fire tunnels for ministering deliverance and healing to the saints. Also described in depth for the first time in a book is when and how angels of YHWH Echad bless saints and ordinary people (Gen. 48:16). The revelations described in the book are backed up by real life angelic encounters and diverse angelic visitations alone or together as ministry team in his Ekklesia Consuming Fire & GFC in Cologne, Germany. Bible-based prayers at different parts of the book invite the reader to actively engage with these heavenly messengers of YHWH Echad to release protection, healings or blessings from the trading floors of heaven unto the heirs of Elohim according to the promise.

The new edition includes more than 4,800 resources available at more Page 10/13

than 10,000 Internet sites that provide information on a range of biblical study topics including Bible translations in English and other languages, audio translations of the Bible in English and other languages, commentaries, dictionaries, and other resource materials including ones in Greek, Hebrew and other ancient languages. The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself. In cases when ten or more resources are listed on a single web page, the author has assigned the web page a three-digit code. The code is used to identify this web page as a major resource within the main text, while any needed instructions for use of the site are crossreferenced separately in the final chapter. In adopting this concise method, the author was able to add hundreds of additional or updated web resources, a surprising number of which can be downloaded onto a hard drive for immediate and continued use.

From the very beginning, God planned an eternal marriage with redeemed man. There are seven holy rehearsals that God has given mankind to learn and experience His plan. Aramaic Peshitta New Testament Translation is a new translation of the New Testament into English that is based on the Gwilliam text. This translation includes explanatory footnotes marking variant readings from the Old Syriac, Eastern text, and other Peshitta manuscripts. Other footnotes provide cultural understanding and a system of abbreviations that mark idioms and figures of speech so that they are easily recognisable. The translation is as literal as possible, but with readable English, giving the flavour and rhythm of Eastern language. Aramaic is the language of the first century and the Peshitta is the earliest complete manuscript of the New Testament. The Gwilliam text, from which this work is based, is a Latin translation of the Peshitta.

This resource takes a different look at Jesus' teachings from what is commonly referred to as the "Beatitudes." The author explains that the seven Beatitudes (Matthew 5) and the seven Feasts of the Lord (Leviticus 23) are strategically linked together. (Christian)

science fiction, fantasy, and action format to bring the theory to life. The book builds on a unified theory that explains the origin of reptilians, aliens, vampires, extraterrestrials, UFOs, and the building of the pyramids. The action begins with an escape from area 51, and progresses into battles and wars with the "Solar Reich" which is a multi-planet council of Dwarkan, the Illuminated ones, and the reptilians that together have secretly enslaved humanity and stolen mankind's birthright. Due to this she must locate and rejoin the remnant of her people, the Atlantians.
