"Journey Through God's Word" is a versatile and easy to use system for teaching children between the ages of 5 and 12 the Word of God. More than just a set of lessons, it is a comprehensive curriculum that provides every resource that you might need to be a successful Bible teacher. The various elements of the curriculum are designed to support all the different ways that children learn and all the different methods and techniques that teachers use to teach. It tells you WHAT to teach, but not HOW to teach it, leaving you free to use your individual imagination and creativity to make each lesson your own. We've done all the hard work to make sure that you have all that you need. The only things missing are the students...and YOU! Condensed Lessons are two-page summaries of each of the lessons that are part of the Journey Through God's Word curriculum. They may be used alone or in conjunction with the full lessons and the other curriculum resources.

The crafts in this book coordinate with each lesson in the Noah's Park Leader's Guide. Each craft activity is designed to help reinforce the Bible story the children have heard and participated in during the lesson. The craft is also designed to help the children and their parents extend the learning even further by linking it to activities they can do at home during the following week. Each craft activity in the book has a list of supplies which should be obtained prior to the session.

Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

David's remarkable life, insights, and achievements inspire us today. David's story is compelling, exciting -- with "chance" encounters, narrow escapes, beautiful women, and a warrior who carves out an empire. David is a singer-songwriter, whose body of work is revered by millions of fans three thousand years after his death. His character encourages us, his weaknesses speak to us, his faith moves us. He is the king of Israel's Golden Age and points us to his great descendant, the Son of David, Jesus Christ the Lord. This book is designed to aid your study of David's life, with a special emphasis on what we can learn as Jesus' disciples today. Twenty maps and charts help you understand his family, as well as the geography of his sojourns, escapes, battles, and conquests. The historical background and geopolitical context will help you to appreciate David in his own world and grasp his internal complexity. Classes and small groups will find this a helpful curriculum guide to their study of 1 and 2 Samuel, with links to free participant handouts as well as thorough preparation for the leader. Thought-provoking questions will stimulate many insightful discussions. Preachers and teachers will find a great deal of their research done for them. Lessons are heavily footnoted for those who want to dig deeper, but are optional for the general student. According to Paul, "David ... served God's purpose in his own generation." Your understanding of David's life and faith will help you to live out God's plan for you in your own generation.
