The Unnatural Inquirer is the eighth book in Green's Nightside series, and it is a good detective story. For those not familiar with the Nightside, it is the rotten supernatural heart of London, where it is always 3 A.M. and anything and everything is for sale.

In the secret heart of London, under the cover of endless darkness, is the Nightside. But enter at your own risk. The party animals who live here may be as inhuman as their appetites... My name is John Taylor. The Nightside is my home, and I've got a brand new full-time job there (in addition to my private eye work) as Walker—the Voice of the Authorities. I'm also marrying the love of my life, Suzie Shooter, the Nightside's most fearsome bounty-hunter. But nothing comes easy here. Not life. Not death. And for

certain, not happily-ever-after. Before I can say "I do," I have one more case to solve as a private eye—and my first assignment as Walker. Both jobs would be a lot easier to accomplish if I weren't on the run, from friends and enemies alike. And if my bride-to-be weren't out to collect the bounty on my head...

Working in Nightside, a dark underworld hidden beneath the streets of London, John Taylor, a detective gifted with the ability to find things that are lost, searches for the missing daughter of a wealthy client, the

Unholy Grail, and a missing singer whose voice has the power to cause death, in a trio of novels--Something from the Nightside, Agents of Light and Darkness, and Nightingale's Lament. Original.

With the fate of his world at stake, John Taylor, a detective gifted with the ability to find lost things, must prevent his not-quite-human mother from destroying the Nightside.

work the Nightside, the city within the city of London, where the sun never rises and where the human and inhuman go to get their kicks, provided they're willing to pay the price in whatever currency the seller demands. In the wake of the war that almost brought the Nightside to total ruin, there's a power vacuum begging to be filled—and some think I should take charge. I don't agree. Neither does the immortal known as the Griffin. Wealthy beyond reason, he has his own ideas about who should be running things. Still, when his granddaughter—and designated heir—is kidnapped, he calls on me to find

her. But someone—or some Thing—is blocking my special gift. So this time, I'm going to have to do my job the hard way. And quickly, or the Griffin will have to choose a new heir...

In the sequel to *The Man with the Golden Torc*, Eddie Drood is forced to take on some nasty daemons from another dimension, who arrived in this world at the behest of the Drood family to help battle the Nazis during World War II and who have decided that they have no intention of leaving.

With a new sheriff, *The Walking Man*, stalking

the streets of the Nightside, preying on evildoers and indulgent party-goers alike, it falls to P.I. John Taylor to stop him before The Walking Man turns all of the Nightside into a wasteland. By the author of The Unnatural Inquirer.

Taylor is the name, John Taylor. My card says I'm a detective, but what I really am is an expert on finding lost things. It's part of the gift I was born with as a child of the Nightside. I left there a long time ago, with my skin and sanity barely intact. Now I make my living in the sunlit streets of London.

But business has been slow lately, so when Joanna Barrett showed up at my door, reeking of wealth, asking me to find her runaway teenage daughter, I didn't say no. Then I found out exactly where the girl had gone. The Nightside. That square mile of Hell in the middle of the city, where it's always three A.M. Where you can walk beside myths and drink with monsters. Where nothing is what it seems and everything is possible. I swore I'd never return. But there's a kid in danger and a woman depending on me. So I have no choice—I'm going home.

In the Nightside—that hidden area in the middle of London where time stands still at three A.M. and the sun won't rise to refute it—nightmares go walking in borrowed flesh, and not everything that looks back at you with human eyes is really human. I'm John Taylor, a PI with a knack for finding things, helping those the Nightside has chewed up and is about to spit out. All things considered, my life lately had been bright, even in this shadowy place. So it was only a matter of time before everything hit the fan.

And join John Taylor, the PI with a knack for finding lost things, as he confronts Sir Francis Varney, King of the Vampires, in a novella-length adventure.
