Mark Spragg writes, in many ways, like a poet. His love of language is clear. *WHERE THE RIVERS CHANGE DIRECTION* is a darn fine book.

Coming-of-age memoir by a man who as a boy went to work for his father who owned the largest dude ranch in Wyoming. He writes of his family, his mentor John, a cowboy, and of the animals, his 100 horses, and other wildlife.

Mark Spragg grew up on the oldest dude ranch in Wyoming - a remote spread in the Shoshone National Forest. It is a sublime but unforgiving landscape, a place of unrelenting winds, pitiless blizzards, fierce rivers, and

the men who work there have to be tough to survive. Spragg writes lyrically of this world, its animals - horses, bears, elk - and of its people, in particular his parents and John, an old cowboy who becomes the boy's mentor. This is a book about joy - Spragg's writing is miraculous; tough but beautiful, passionate and funny.

Seeking to escape her brutal boyfriend and hoping to introduce her daughter, Griff, to the grandfather she has never met, widow Jean Gilkyson seeks refuge in her late husband's Wyoming hometown with her estranged father-in-law, who blames her for his son's death. Reader's Guide available. Reprint. 60,000 first printing.

While Wyoming sheriff Crane Carlson struggles with a meth-influenced murder, his wife's addictions, and his own manifestation of a genetic disease, octogenarian Einar Gilkyson takes stock of his life and reluctantly accepts help from his college dropout granddaughter.

Mark Spragg's first novel is the story of the lifelong friendship between two Wyoming ranchers, McEban and Bennett, and their love for the same woman—Gretchen Simpson, Bennett's wife. When she leaves them both for a new life, the two men follow her on a journey across the American West, testing the limits of their friendship and love.

Hailed by Kent Haruf as 'one of the truest and most original new voices in American letters', Mark Spragg now tells the story of a complex, prodigal homecoming. Jean Gilkyson, pregnant when her husband was killed, is raising their daughter Griff when, in an Iowa trailerhouse with yet another brutal boyfriend, she realizes this can't go on. But the only refuge available is a town in Wyoming where her loved ones are dead and her father-in-law wishes she was too. For a decade he has blamed her for his son's death, choosing to go on living himself largely because his oldest friend otherwise couldn't survive. Bound as close as brothers, they face old age on a faltering ranch, their interdependence even more acute after one was crippled and the other mauled by his own pain. Suddenly Griff Gilkyson meets this grandfather she'd never heard about, not to mention a black cowboy confined to the bunkhouse, and irrepressibly claims her new life in hopes of turning grievous loss and recrimination toward reconciliation and love. Immediately compelling and constantly surprising, rich in character, landscape, and compassion, *An Unfinished Life* shows a novelist of extraordinary talents at the height of his power. Author Biography: Mark Spragg is the author of *Where Rivers Change Direction*, a memoir that won the Mountains and Plains Booksellers Award, and *The Fruit of Stone*, a novel. He lives in Cody, Wyoming.

These transcendent, lyrical essays on the West announced Gretel Ehrlich as a major American writer—"Wyoming has found its Whitman" (Annie Dillard). Poet and filmmaker Gretel Ehrlich went to Wyoming in 1975 to make the first in a series of documentaries when her partner died. Ehrlich stayed on and found she couldn't leave. *The Solace of Open Spaces* is a chronicle of her first years on "the planet of Wyoming," a personal journey into a place, a feeling, and a way of life. Ehrlich captures both the otherworldly beauty and cruelty of the natural forces—the harsh wind, bitter cold, and swiftly changing seasons—in the remote reaches of the American West. She brings depth, tenderness, and humor to her portraits of the peculiar souls who also call it home: hermits and ranchers, rodeo cowboys and schoolteachers, dreamers and realists. Together, these essays form an evocative and vibrant tribute to the life Ehrlich chose and the geography she loves. Originally written as journal entries addressed to a friend, *The Solace of Open Spaces* is raw, meditative, electrifying, and uncommonly wise. In prose "as expansive as a Wyoming vista, as charged as a bolt of prairie lightning," Ehrlich explores the magical interplay between our interior lives and the world around us (Newsday).

From award-winning author Mark Oshiro comes a powerful coming-of-age fantasy novel about finding home and falling in love amidst the dangers of a desert where stories come to life. Xochitl is destined to wander the desert alone, speaking her troubled village's stories into its arid winds. Her only companions are the blessed stars above and enigmatic lines of poetry magically strewn across dusty dunes. Her one desire: to share her heart with a kindred spirit. One night, Xo's wish is granted—in the form of Emilia, the cold and beautiful daughter of the town's murderous conqueror. But when the two set out on a magical journey across the desert, they find their hearts could be a match... if only they can survive the nightmare-like terrors that arise when the sun goes down. Fresh off of *Anger Is a Gift's* smashing success, Oshiro branches out into a fantastical direction with their new YA novel, *Each of Us a Desert*. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Renkl, The New York Times In this charming, peaceful memoir, a traditional molecatcher shares the mysterious tricks of his trade, alongside poignant moments from his personal life, including his experience as a homeless teenager, his work as a professional gardener, and all that he has learned about our own humanity from a life spent outdoors. Kneeling in a muddy field, clutching something soft and blue-black, Marc Hamer vows he will stop trapping moles—forever. In this earnest, understated, and sublime work of nonfiction literature, the molecatcher shares what led him to this strange career: from sleeping among hedges as a homeless teen, to toiling on the railway, to weeding windswept gardens in Wales. Hamer infuses his wanderings with radiant poetry and stark, simple observations on nature's oft-ignored details. He also reveals how to catch a mole—a craft long kept secret by its masters—and burrows into the unusual lives of his muses. Moles, we learn, are colorblind. Their blood holds unusual amounts of carbon dioxide. Their vast tunnel networks are intricate and deceptive. And, like Hamer, they work alone. Beautifully written, life-affirming, and highly original, *How to Catch a Mole* offers a gorgeous portrait of one man's deep, unbreakable bond with his natural surroundings, and offers hope and inspiration for anyone looking to improve their relationship with the natural world.
